Designer and marketing lead with five-plus years across brand, packaging, retail and integrated campaigns. I lead creative and North American marketing at STAEDTLER, where I direct a design team and own launches from pack artwork through retail, e-commerce, email, social and PR. I work comfortably in production dielines and in campaign plans and performance reporting.

EXPERIENCE

Graphic Design Lead | Marketing NA Lead STAEDTLER

Jun 2024 – Present · Toronto, ON

Joined as Packaging Designer, now leading creative and marketing for the North American business

- Lead creative and marketing execution across North America, delivering **200+ brand-consistent assets monthly** across packaging, retail, e-commerce, email, social and print.
- Direct a design team** on the HSN card program: brief the work, set creative direction for each release, and approve output before it ships as a sellable product.
- Own **integrated product launches end to end**: the Noris® 122 North American launch spanned pack artwork and dielines, in-store print, Amazon A+ content, digital advertising, PR boxes, merchandise and a teacher-influencer program.
- Design packaging artwork and **production-accurate mockups for buyer approval**; manage dielines, proofing and vendor-ready files through manufacturing.
- Run North American social channels. **Instagram grew 4.6x and Facebook 167%** since I took them over in Oct 2024, with engagement rate up alongside reach.
- Manage campaign workflows in **Monday.com** and email programs in **Mailchimp**; report cross-channel performance from Meta Business Suite, Iconsquare and Brandwatch into stakeholder dashboards.

Graphic Design Lead DJ Solutions Inc. (contract)

Mar 2023 – Jun 2024 · Toronto, ON

- Ran **35+ concurrent design requests**, coordinating intake, assignment, proofing and delivery in **Adobe Workfront**.
- Built executive decks, infographics and data visualisations that made complex datasets legible for C-suite and client audiences.
- Supported lifecycle email in **Adobe Journey Optimizer** and Adobe Campaign, covering asset setup, QA and pre-launch troubleshooting, with measurement from Adobe Analytics.
- Mentored junior designers: set priorities, reviewed work, upheld quality standards.

Project Coordinator / Graphic Designer Skymark Signs

Oct 2022 – Dec 2023 · Toronto, ON

- Led a **14-vehicle fleet wrap program** end to end: one design system across four body types, with 14 measurement and preflight passes sequenced so production never waited on approvals. All delivered on schedule.
- Designed storefront and interior environmental graphics for clients across **four sectors**: industrial supply, beauty, healthcare and bridal retail.
- Single point of contact between sales, client and installers across **50+ concurrent installations**.

Earlier · Lead Designer, Everlasting Moments (2021–2022) · Junior Designer, Little Ladoo (2019–2021)

SELECTED PROJECTS

MLB The Show 24 x PRESTO Limited-run card and packaging launch with PlayStation, MLB and Metrolinx. Creative, artwork and print-ready dielines through production.

DIDI Tote Bags Accessories brand I built solo: identity, product, packaging, storefront, photography and motion.
